Hope and Healing **Virtual Support** for Post-COVID Patients

The Institute for Prevention and Recovery’s Hope and Healing program offers virtual workshops in self-care and emotional support for patients recovering from COVID-19 and those experiencing long-term effects of the virus.

- **Topics** include mindfulness, anticipation/anxiety, re-entry, resilience and the recovery process.
- **Learn** how to calm your mind, reduce negative emotions and manage stress with easy, gentle relaxation and mindfulness practices.
- **Share** experiences, receive support, and enhance personal strengths together.
