

IMPORTANT MESSAGE

The borough continues to receive reports of lacrosse games and similar group gatherings where social distancing is not being practiced, forcing police to break them up. Those gatherings and games are strictly prohibited by state order, and if the practice continues, the borough will have to consider closure of our parks and fields. Please contribute to the solution, and not the problem: stay home, go out only where necessary, and when outside practice social distancing. Help us to keep you safe, and let's flatten the curve.
