

The email that follows went out to members of Little Silver Helpers, the volunteer group that formed in Little Silver to help those in need during the COVID-19 crisis. It contains helpful information for those in need and those who would like to help, and in particular provides advice to those who would like to help our first responders. If you require the assistance of Little Silver Helpers, please email littleilverhelpers@gmail.com, or call (732) 383-5017. Stay home, practice social distancing when out, and please continue to follow the governor's orders. Read on:

Hi Everyone-

Thanks so much for volunteering to help those in need in our great town! To date, we have had 3 requests for help from residents in need. Those individuals were assigned volunteers. We are lucky to have over 60 volunteers to date.

In case you missed the Facebook posts, here are two items where the community could use our help.

We received a message from the Fire Department in Little Silver. They are in need of hand sanitizer donations. Please leave any donations at the side door (next to parking lot) at the firehouse. The fire officers will check daily.

A number of amazing woman in our community are sewing masks. They are looking for these [types of air filters](#) to make the masks:

If you want to purchase the items, Taryn [Lenahan](#) can provide the information on where to send them. Taryn's e-mail address is jerseytmommy1@gmail.com.

Let's keep up the great work Little Silver!

Kindly-

-Jen, Taryn and Corinne
